Medium yield report that is consistent. Look for 15-30 ticks on the first peak which can happen after the :01 candle. Lately (4 out of last 6 reports) has a second peak for about 6-20 more ticks than the first peak around 12-28 minutes after the report release. Reversal usually yields 15-25 ticks in 16-21 minutes after the release; however if there is a second peak, look for the reversal to take 35-80 minutes.
